

What is Cook for Cancer?

Dinners provided for oncology patients and their families as they are undergoing cancer treatments. To request meals call 541-768-2375.

How It Got Started.

Cook for Cancer was started by Alexandra Perry, a young girl who used her 12th birthday party at the Circle 9 Dream Dinners as a way to give back to cancer patients. Miss Perry's mom is a breast cancer survivor, so she knows what it's like to live with a family member that is sick and can't make meals.

How Cook for Cancer Works:

Volunteers donate their time and expertise in menu selection, planning and meal preparation for patients and families undergoing treatments of all types of cancer diagnosis, oncology and hematology.

Patients are offered the meal choices available and the meals are delivered to the patients' homes or given to them at their appointments. Donations provided to The Corvallis Clinic Foundation, paired with support from Dream Dinners, help fund the dinners.

How You Can Get Involved:

To donate, volunteer or to request meals call 541-768-2375. Visit the Project H.E.R. website at www.project-her.org
